"Marriage is the root of every genealogical tree."

—Clemens.

PREFACE

The early Lamb marriages in this volume have been collected from state, county, city, town and church records throughout the country, and many of these marriages are here published for the first time. The entries herein are arranged by states and by first name alphabetically, for quick and easy reference.

Many marriages have been omitted from the records owing to a lack of dates or localities, as these uncertain facts only lead to confusion and disappointment in the working out of genealogical pedigrees. That John Lamb married Jane Smith at some unknown date at an unknown place are records of small value. All spellings, such as Lamb, Lambe, Lamm, etc., are included in this volume, and the records herein are authoritative and reliable. Readers and members of the Lamb family in America are invited to contribute to the editor omissions and corrections for future editions.
